5. A total of 24 new applicants were reviewed for membership and a brief summary of each individual's qualifications was presented to the Council. The Council accepted 22 candidates for membership. Two candidates will be asked to reapply next year with more information. These recommendations were forwarded and approved by the membership at the Business Meeting. In addition, 22 new trainee members were enthusiastically approved by the membership.

6. The income and expenses of the Society were reviewed and discussed in detail. Dr. Pillers said that we had a huge increase in costs from approximately \$10,000 to \$60,000 for student transportation and audio visual support for this years meeting. The current WSPR cash balance as of June 30, 2006 was \$26,230.64. The current cash balance as of January 26, 2007 was \$32,312.85. We again received generous grant support for this years meeting from Ross/Abbott Laboratories (\$14,000) and Mead Johnson (\$9,300). The Council discussed other avenues of increasing funding for our Annual Meeting. One idea was to approach the WSPR alumni for tax deductible donations. Another suggestion that came up last year, was for WSPR write a R13 grant which allows up to \$6,000/year from the NICHD for up to 5 years of support.

7. Current membership statistics were presented and reviewed. We have 514 members, down from 661 members last year. We have 88 emeritus, down from 90 emeritus last year, and 98 fellows/trainees up from 77 fellows/trainees last year. Currently 194 members are delinquent in payment of their dues compared to 427 members last year. This may be due to deletion of many people who had not paid their dues for over three years. Article V., 3. titled: Miscellaneous Provisions in the WSPR By-laws state that "individuals who have not paid their dues for 3 consecutive years shall, after proper notification, be suspended automatically from membership in the Society. All privileges of their membership shall remain in suspension until dues are paid in full."

Dr. Pillers asked the membership about their feelings regarding having another category for membership, such as "affiliate" as a possible way to increase our revenue. The WSPR society was approached the year by nurses, paramedics, etc. asking if they could receive a lower registration fee, or be allowed to have membership at a reduced fee. The benefit would be an increase in attendance

by a group we would not usually get to interact with. After much discussion there was no real consensus amongst the membership.

8. The Council discussed some of the problems encountered this year on our WSPR website. This year WSPR was approached regarding paying for two interpreters for a hearing impaired attendee. The Council will support the addition of a box on the abstract form that can be checked by registrants denoting any "special needs". This way WSPR and the other participating societies would know well in advance that someone might need this type of special services. Costs could then be shared and budgeted for by all the societies.
9. The WSPR membership at the Business Meeting voted on and approved that we will no longer be mailing hard copies of our newsletter to trainees and regular members, and we will distribute the newsletter by e-mail. We would continue to mail hard copies to Emeritus members if they so desired. This would result in a saving of several thousand dollars every year.

All newsletters are currently posted on the WSPR website located at: [http://www.aps-spr.org/Regional Societies/WSPR/2007/default.htm](http://www.aps-spr.org/Regional_Societies/WSPR/2007/default.htm), and anyone may access them at any time.

Dr. Pillers said that several WSPR members have been complaining about our inability for them to pay their dues by credit card instead of checks. The Council will look into the cost for doing this.

The WSPR Membership and Council thanked Dr. Andrew Macnab for serving as 2006-2007 WSPR President. Dr. Macnab was presented with a print from Carmel watercolor artist Gordon Mortensen with the WSPR Officers, Council Members and membership's thanks.

The WSPR Membership and Council also thanked Dr. De-Ann M. Pillers for serving as WSPR Secretary-Treasurer over the last four years from 2003-2007. Dr. Pillers was presented with a print from Carmel watercolor artist Gordon Mortensen with the WSPR Officers, Council Members and membership's thanks.

The meeting was adjourned at 5:30 p.m.

Respectfully submitted,

De-Ann M. Pillers, M.D., Ph.D.
Secretary/Treasurer
